

TwinSolar Compact

Solar air collector with integrated PV panel and integrated ventilator. Ready for use.

Inclusive: collector with integrated air filter, thermostat, installation package*, roof or wall lead through, non-return valve, tube, diffuser.

Code	Collector with Assembly System	Systemprice	Diffuser	Surface to ventilate
TWIN compact 1.3	1,3 m ² TWINSOLAR compact Collector	831,93 €	125 mm	15-30 m ²
TWIN compact 2.0	2,0 m ² TWINSOLAR compact Collector	1.084,03 €	125 mm	20-50 m ²
TWIN compact 4.0	4,0 m ² TWINSOLAR compact Collector	1.924,37 €	160 mm	40-100 m ²
TWIN compact 4.5	4,5 m ² TWINSOLAR compact Collector	2.176,47 €	160 mm	40-110 m ²
TWIN compact 6.0	6,0 m ² TWINSOLAR compact Collector	2.428,57 €	160 mm	60-150 m ²

* Installation packages available for inclined roof (parallel) for tiles or slate roof or with hanger bolts; Facade parallel or with triangle; flat roof with triangle

TwinSolar modular; one line

System of Solar air collectors with integrated PV panel and ventilator extern.

Inclusive: collector with integrated air filter, ventilator, differential temperature controller, cables, installation package, roof or wall lead through muffler and non-return valve.

Exclusive : flexible muffler SS to avoid phone effect, without diffusers and sales materials.

Designation C: closed circuit with 2 tubes, 2 roof or wall lead through, external filter box.

TwinSolar modular, two lines

System of Solar air collectors with integrated PV panel and ventilator extern. Collector for changing flowing sense.

Inclusive: collector with integrated air filter, ventilator, differential temperature controller, cables, installation package, roof or wall lead through muffler and non-return valve.

Exclusive : flexible muffler SS to avoid phone effect, without diffusers and sales materials.
